OUR STORY

As sisters we have worked a combined 30 years in the pizza industry. Although we both have college degrees in other fields, we love the restaurant business and the people who accompany it. Mix our experience with a passion for the food industry, throw in the bond of sisterhood and a desire to build a dream together and you get the recipe that led us to gamble everything we owned to open our first location.

Why American Pie? We both referred to pizza by its slang name, pie and we thought it would be cool to have that in the name. We both racked our brains for a long time until one day Don McClean's American Pie came over Tamsye's car radio. She pulled the car over, called me and said, It's going to be called American Pie.

We opened the doors to our Maumelle location in 2004 and business thrived. In 2006 we put it all on the line again and opened our Lakewood location. Colonel Glenn became the newest member of our family in 2010. Because of our customers and our great crew, many of whom have been with us since the beginning, our business continues to prosper.

For us it has truly been an adventure of love and drama and we are excited about the possibilities that await us. You, our customers, are as much a part of the story as we are and we look forward to the future chapters of our lives that you will help us write.
