Local Independent Restaurants Use "Fork Over Your Vote" Poll To Predict The Results Of The 2008 Election

Predicting the election results with macaroni? Local independent restaurants across America are banding together to use fork over your vote and macaroni to accurately predict how the National election will turn out November 4th. It's sure to be accurate, as participants of all ages will be given the opportunity to cast their votes. Interested in your kids learning more about how their vote counts? They'll be able to vote too!

American Pie Pizza will offer a macaroni noodle to each person at the end of their meal. They will then be able to cast their vote for their preferred candidate. The votes are tallied every week and reported at www.ForkOverYourVote.com. This vote has never been wrong before, in 2004 patrons accurately predicted George W. Bush would win the Presidential Election.

Everyone is welcome to "Fork Over Your Vote". Stay tuned - the macaroni will be flying!

AUGUST 13TH IS LEFT-HANDED DAY

So to honor the over 38 million left-handed Americans, American Pie Pizza will be offering during the month of August, 2008, its limited edition Left-Handed Pizza. Finally, left-handers can experience truly great pizza on their own terms! Delicious pizza **made especially for them**, with ingredients applied in the opposite direction than that used in preparing our usual pizza, by left handed employees. Our consultants suggested an additional \$2.00 charge for this service, but we have rejected the suggestion and will offer it at the regular price!

**HURRY! DON'T MISS YOUR CHANCE TO BE
THE FIRST ONE ON YOUR BLOCK TO ENJOY
THIS EXCLUSIVE OFFERING.**

**TAKING VACATIONS MAY
PROLONG YOUR LIFE**

Recent research indicates that taking vacations may prolong your life. Researchers Brooks B. Gump, Ph.D., and Karen Matthews, Ph.D., studied more than 12,000 men at high risk for coronary heart disease over a nine-year period. Those who took regular annual vacations had a lower risk of death -- even when the researchers took into account such variables as their social and economic status. In addition to reducing stress, Gump and Matthews suggest that vacations give people the opportunity to interact with friends and family and to exercise, both of which contributes to good health.

Getting to School on Time

Those frequently late to school or work should try these suggestions from time management experts:

- Place your alarm clock far enough away that you have to get out of bed to turn it off.
- Organize your belongings and lay out your clothes the night before.
- Set your clocks 10 minutes ahead. Of course, you'll know you did that, but somehow it still works.
- Figure out how much sleep you need and therefore your best wake-up time.
- Go to bed five minutes earlier each night until you have worked out the right bedtime.
- Make sure your car is well maintained and has enough gas.
