

## Happy New Year from .....

*In reflecting back over the past year, I realize how lucky I have been to have met so many great people. I have made new friends and been introduced to so many wonderful people over the last year that have touched my life. I'd like to wish you and your family a wonderful New Year. I know 2010 is going to be a great year and a great decade. Melody*

## Why the calendar year begins on January 1<sup>st</sup>...

Can you blame Julius Caesar for your New Year's Day hangover? Probably not, but the idea of beginning the New Year on Jan. 1 did originate with the first Roman Emperor. Caesar designated that day as the New Year in 153 B.C. because that's when Rome's two ruling consuls were chosen.

The so-called Julian calendar remained in standard use throughout the Middle Ages, although many European countries chose to start their calendar year on different days to commemorate various Christian holidays, such as Christmas or Easter.

By the 16th Century it was clear that the Julian calendar needed to be reformed. Pope Gregory XIII chose a calendar devised by Italian astronomer and philosopher Aloysius Lilius in 1582.

By that time most western European countries had already adopted Jan. 1 as the start of the New Year, but the Gregorian calendar itself was accepted at different times by different nations.

Russia didn't abandon the Julian calendar for the Gregorian until after the October Revolution in 1917.

## Wine Tasting

We are looking forward to doing another wine tasting in February. Watch your e-mails or Facebook for updates on this fun class. It's informative, you get to try out different kinds of wine, and above all, it's a lot of fun. We'll keep you posted on the upcoming event.

## Start Workouts Off with a Healthy Snack

Your exercise routine sets the stage for good health. Get your workout off to a good start with a light snack that can provide you with the energy and hydration your body needs. Consider these options:

- One ounce of **salted pretzels**
- A medium-sized **banana**
- **Raisins** (50 or so)
- One cup of **whole-grain cereal**
- Six ounces (about two cups) of low-sodium **vegetable juice**.

## It's a New Year and Everyone is Thinking

**Diet...** We have several healthy menu items to offer. Some people think of pizza as unhealthy, but it can be a very healthy product, depending on what you put on it. Since we have a thin crust pizza, there isn't much bread, but you get your grains from the crust, dairy from the cheese, fruits and vegetables from the sauce and ingredients and protein from the meat. Order a supreme, and you will have all of the food groups in one slice. Of course there are lower fat items, like our Spicy Vegetable or our Veggie pizzas. Even the Margherita, which is delicious, is low in fat. And don't forget all those scrumptious salads. And if you are gluten intolerant, we now offer a Gluten Free Pizza Crust. So come out and let us help you stay on your diet, so you can become the new thinner you.
