## Tire Pressure and Cold Weather

If your area experiences a sudden cold snap, check your tire pressure, advise automotive experts Tom and Ray Magliozzi. Under inflated tires are dangerous, and tire pressure decreases by about one pound per square inch for every 10-degree drop in outside air temperature.

## Global Good Luck Traditions....

With New Year's upon us, here's a look at some of the good luck rituals from around the world.

They are believed to bring good fortune and prosperity in the coming year.

**WALES** - At the first toll of midnight, the back door is opened and then shut to release the old year and lock out all of its bad luck. Then at the twelfth stroke of the clock, the front door is opened and the New Year is welcomed with all of its luck.

**SICILY** - An old Sicilian tradition says good luck will come to those who eat lasagna on New Year's Day, but woe if you dine on macaroni, for any other noodle will bring bad luck.

**SPAIN** - In Spain, when the clock strikes midnight, the Spanish eat 12 grapes, one with every toll, to bring good luck for the 12 months ahead.

**JAPAN** - The Japanese decorate their homes in tribute to lucky gods. One tradition, kadomatsu, consists of a pine branch symbolizing longevity, a bamboo stalk symbolizing prosperity, and a plum blossom showing nobility.

**UNITED STATES** - The kiss shared at the stroke of midnight in the United States is derived from masked balls that have been common throughout history. As tradition has it, the masks symbolize evil spirits from the old year and the kiss is the purification into the new year.

**NORWAY** - Norwegians make rice pudding at New Year's and hide one whole almond within. Guaranteed wealth goes to the person whose serving holds the lucky almond.

## STEP RIGHT UP

What would prompt you to walk more than 2,000 steps—the equivalent of a mile—per day? Apparently, according to a Stanford University study, a pedometer—that inexpensive little device that counts the number of steps we take. Simply monitoring how many steps we take can increase our physical activity by 27 percent (which, in turn, can help with weight loss and improved blood pressure). Using a log to keep track of the number of steps taken is another important aspect of getting and staying more active.

## RAZORBACK BASKETBALL

Basketball season has started and we'll be carrying all the games on the Big Screen TV's. Come in and help us "Call the Hogs". This promises to be a great season. Coach Pelphrey seems to have sparked this team to the days of old and the "40 minutes of Hell". Hope to see you here to watch some exciting "Hawgball".
